

Intapp University is a comprehensive education program that helps firms make the most of their investment in Intapp technology. Program content is being continuously developed and expanded, including public classes, customized private classes, and self-paced study.

With the flexibility to carve out your own educational journey to meet your specific needs, Intapp University provides value both to customer firms as well as individual contributors. Benefits include:

- **Elevate your return on investment in Intapp technology**
- **Accelerate time to value**
- **Maintain your systems at peak performance**
- **Increase firm independence**
- **Amplify your individual contribution to your firm**

## Instructor-Led Training

- Classroom style, led by product experts from Intapp
- Real time, hands-on exercises and peer interaction
- The ability to train one person or a whole team
- Held at an Intapp office or hosted by a customer onsite
- Semi-customized and fully customized courses available

## E-Learning: Launching in 2018!

- Self-paced, modular courses that are available anywhere, anytime
- Interactive LMS platform
- Take full courses or individual modules
- Flexibility without the hassle of travel

## Conflicts Analyst Training

New instructor-led and eLearning classes available for beginning and intermediate level Conflicts Analysts:

- **Navigating Intapp Conflicts:** Free pre-course, eLearning modules on navigating Intapp Conflicts for those interested in attending Foundations for Conflicts Analysts or Leading Practices in Conflicts.
- **Foundations for Conflicts Analysts:** Instructor led course designed for beginning Conflicts Analysts who require education on the fundamentals of conflicts analysis. US and UK specific courses available.
- **Leading Practices in Conflicts Searching, Analysis, and Resolution:** On-site, tailored course for mixed level groups of Conflicts Analysts who need training on more complex, firm specific conflicts searches. US and UK specific courses available.

## Next steps

If you have questions or want more details on a course reach out to your Sales Account Manager, your Customer Success Manager or contact [customertraining@intapp.com](mailto:customertraining@intapp.com)

We are always looking for firms interested in hosting training at their offices. Host firms receive one free seat for the hosted training. If you are interested in hosting contact [customertraining@intapp.com](mailto:customertraining@intapp.com)

Firms are able to arrange an onsite course, for attendees from their firm. These onsite courses can follow a standard curriculum or can be customized to meet the unique needs of the firm. For more details contact [customertraining@intapp.com](mailto:customertraining@intapp.com)

Courses indicated as Intapp take place at an Intapp office | Courses indicated as Hosted take place at a third party firm site

For additional details on Intapp University courses please contact [customertraining@intapp.com](mailto:customertraining@intapp.com)
